Three theme concepts were proposed: Carnival, Night Market, and Explore the World. The Carnival theme would include quick bites and snack foods as well as activities and the Night Market would consist of vendors providing samples and tasters, a variety of styles would be present, or it could also center around one style the Commission decides on. The third concept is Explore the World in which students could visit different vendors/cultures from around the world. The Commission proposed an idea to combine the Carnival and Night Market concept to have students involved; students can visit the different clubs/orgs tables to receive tickets.
Janes and his programming team will come up with a presentation to display the Commission’s ideas.
